**Wichita State University****Notice of Intent to Lease Land and/or Building Space**

Beginning Publication Date: Vol. 41, No. 5, February 4, 2021  
Ending Publication Date: Vol. 41, No. 17, April 29, 2021

Public notice is hereby given that Wichita State University (WSU) intends to lease available land and building space located on WSU's main campus, WSU's Innovation Campus and on property owned by WSU adjacent to the main campus along both Hillside and 17th streets. The university will consider leasing such property and/or space to those whose presence on campus would advance the university's applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good, or otherwise provide supporting services and amenities to the campus community. Such projects could include, but not be

limited to: (1) development of a partnership building to provide office and/or laboratory space to support education and research, advance innovation, foster microenterprises, and/or lease to industry partnerships in any market that aligns with University programs; (2) child care facilities; (3) adult living and retirement facilities; (4) restaurants; (5) retail, grocery, or pharmacy establishments; (6) financial institutions; (7) event and/or performance center; and (8) parking garage. Because tenant development and/or use must be a good fit with the university's educational mission and available space, please be prepared to provide the following information: (1) name; (2) square footage of space needs and desired lease term and location; (3) equipment, design, or other special needs; (4) description of anticipated use; and (5) the anticipated benefits to the university, its students, and the WSU community (e.g. applied learning, joint research, faculty start-up, etc.). Additional information such as renderings, architectural and design plans, project timeline, and subcontractor list is encouraged. The university will consider serious proposals and inquiries from any financially qualified individual, group, organization, or company. If interested, please contact Wichita State University Property Manager Crystal Stegeman at [crystal.stegeman@wichita.edu](mailto:crystal.stegeman@wichita.edu). This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

## City of Lenexa, Kansas

### Notice to Bidders

Sealed bids for 87th Street Parkway and I-435 Interchange Improvements (KDOT CMS: 017216001 KDOT: 046-N-0699-01) will be accepted by the City of Lenexa, Kansas, Community Development Department, Lenexa City Hall, 17101 W. 87th St. Pkwy., Lenexa, KS 66219 until 1:00 p.m. (CST) April 13, 2021, at which time bids will be publicly opened and read aloud at the Lenexa City Hall. Any bid received after the designated closing time will not be considered and will be returned unopened.

All bids shall be submitted to the Community Development Department Customer Service Staff (Main Level) in sealed envelopes addressed to the City of Lenexa, Kansas, Attn: City Clerk, and marked "Bid for: 87th Street Parkway and I-435 Interchange Improvements. Copies of plans, specifications, bidding documents, and other contract documents are on file at Drexel Technologies, Inc., 10840 W. 86th St., Lenexa, KS 66214.

Bidders desiring contract documents for use in preparing bids may obtain a set of such documents at the ad-

dress above. Plans and specifications may be downloaded from the Drexel Technologies, Inc. website at <http://planroom.drexeltech.com/>. Note: Davis Bacon Wage Rates apply to this project.

Each bidder will be responsible for ensuring that it has received any and all addenda issued by city in accordance with IB-10 of the instructions to bidders.

Contractors should read and be fully familiar with all contract documents including addenda before submitting a bid. In submitting a bid, the bidder warrants that it has read the contract documents and is fully familiar therewith and that it has visited the site of the work to fully inform itself as to all existing conditions and limitations and shall include in its bid a sum to cover the cost of all items of the work as specified in the contract documents.

No oral telegraphic, telephonic proposals, or alterations will be considered. Facsimile transmissions will not be accepted.

The following items must be included in the sealed envelope with the bid:

- a. Bid form;
- b. 5% bid security—bid bond, cashier's check, or certified check (see below); and
- c. Acknowledgment of addenda issued by the city.

Each bidder shall file with its bid a bid bond, a cashier's check, or a certified check drawn on an acceptable bank, made payable to the City of Lenexa, Kansas, in an amount equal to five percent (5%) of the total bid, which shall be retained by the City of Lenexa, Kansas until a contract for the project has been executed. Bid bonds will be returned to the bidders, with the exception of the best and lowest and second best and second lowest responsible bidders, within twenty-one (21) days after their bids are rejected. The bid deposit of the lowest and the second lowest responsible bidders will be returned when the performance bond, maintenance bond and statutory bond, each in an amount equal to 100% of the contract amount; required insurance certificates and other required documents shall have been furnished and the contract documents have been executed by the successful bidder.

In the event the low bidder is unable to execute the contract, for whatever reason, within the time provided in the Notice of Award, the city may annul the Notice of Award and the bid deposit may be forfeited and the city shall exercise its legal prerogatives, including, but not limited to, enforcement of its rights as to the bid security or specific performance.

The city reserves the right to accept or reject any and all bids and to waive any technicalities or irregularities therein. Bids may be modified or withdrawn by written request of the bidder received in the office of the city clerk, prior to the time and date for bid opening.

From and after the release of this notice, any party intending to bid on the above referenced project, including their officers, employees, agents, or contractors, are specifically prohibited from communicating with any elected or appointed official of the city, directly or indirectly, with regard to the award of the contract for the project listed above, except as specifically authorized by the Instructions to Bidders. Any such unauthorized com-

munication may result in the automatic disqualification of such bidder.

All bidders agree that rejection shall create no liability on the part of city because of such rejection, and the filing of any bid in response to this notice shall constitute an agreement of the bidder to these conditions.

**Department of Transportation**

**Notice to Consulting Firms**

The Kansas Department of Transportation (KDOT) is seeking to secure ready availability of construction inspection services on an as-needed basis by entering into up to 25 contracts with qualified consulting engineering firms who may perform services, from time to time and on short notice, when KDOT does not have the personnel to perform the services. The services may require engineers and technicians to perform sampling and testing of materials, inspection of construction work as well as administration and recordkeeping associated with such services.

**Requirements**

Interested consulting firms must: (a) be prequalified by KDOT in category 241 Construction Inspection and Testing; (b) have employees who are experienced in inspection, sampling, and testing as well as certified under the *Certified Inspection and Testing Training Program* described online at [www.citksu.com](http://www.citksu.com) and in the *CIT Manual* found at <http://www.ksdot.org/descons.asp>. A PDF must be emailed to David Lutgen, P.E., Contracts Engineer at [ksdot.designcontracts@ks.gov](mailto:ksdot.designcontracts@ks.gov). Responses are to be limited to eight pages, the subject line of the reply email and the file name must read “As-Needed Inspection RFP – Firm Name.” Request for Proposals (RFPs) must be received by 12:00 p.m. March 26, 2021 for the consulting firm to be considered.

If a firm is not currently prequalified by KDOT but is interested in obtaining prequalification, then please view the requirements and categories at <http://www.ksdot.org/divengdes/prequal/default.asp>. For licensure and other requirements applicable to the practice of technical professions within the State of Kansas, please consult the website of the Kansas Board of Technical Professions at <http://www.ksbtp.ks.gov/>. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas and comply with applicable state and federal laws, rules and regulations.

**Instructions for Proposal**

No costs shall be contained in the RFP. The RFP must not exceed eight (8) pages total to address the pertinent topics. Please use the following naming convention for submittal... As-Needed Inspection RFP – Firm Name. RFPs submitted will consist of the proposal and a completed and signed Special Attachment No. 7 (“Certificate of Final Indirect Costs”), a completed and signed Special Attachment No. 8 (“Tax Clearance Certificate”), and a completed and signed Special Attachment No. 10 (“Policy Regarding Sexual Harassment”).

Interested firms can access the RFP at [https://secftp.ksdot.org/public/file/9627ixk4T0CkBX0B\\_wI1fQ/Tech%20RFP%20for%20As-Needed%20Inspection%20\(final\).pdf](https://secftp.ksdot.org/public/file/9627ixk4T0CkBX0B_wI1fQ/Tech%20RFP%20for%20As-Needed%20Inspection%20(final).pdf). The link expires March 23, 2021.

**Qualifications-Based Selection Process**

RFPs will be evaluated based on the factors listed below, evenly weighted, to rank the most qualified firms. At KDOT’s option, shortlisted firms may be interviewed by telephone conference call or asked to attend meetings

(continued)

or participate in other discussions with KDOT. Evaluation factors: 1) the quality of the response to the RFP; 2) qualifications and experience of consultant employees proposed for services; 3) past performance history; and 4) ability and availability to perform services on short notice in one or more regional areas of the State of Kansas. Up to 25 of the highest ranked firms will be asked to enter into negotiations with KDOT for an as-needed agreement for services under which KDOT may request construction inspection services via task or work orders over a period of four years, subject to a maximum cumulative aggregate amount of up to \$7 million. In the event KDOT cannot reach agreement with any of the highest ranked firms, it will terminate negotiations with such firms and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives. KDOT intends to conclude or terminate negotiations on or before May 12, 2021.

#### Contract Terms and Conditions

A standard as-needed agreement for engineering and technical services will be used for this project. Special Attachments for the Kansas "Tax Clearance Certificate," the "Certification of Final Indirect Costs," and the Special Attachment No. 10 ("Policy Regarding Sexual Harassment") will also eventually become attachments to the contract.

Questions about this RFP shall be sent by email to KDOT at [kdot.designcontracts@ks.gov](mailto:kdot.designcontracts@ks.gov).

### State of Kansas

## Department of Transportation

### Notice to Consulting Firms

#### Background and Purpose of Project

The Kansas Department of Transportation (KDOT) is seeking a consultant to provide construction inspection services for project 24-81 KA 3926-01. The project on US-24 is to replace Bridge #008 (Wildcat Creek Drainage) located 0.3 miles north of the west US-24/US-77 junction in Riley County.

#### Schedule/Deadlines

Request for Proposals (RFPs) are due on or before 12:00 p.m. (CST) March 26, 2021, to be delivered via email to [kdot.designcontracts@ks.gov](mailto:kdot.designcontracts@ks.gov). Evaluation and ranking of submissions will occur on or about April 6, 2021, after which time all firms that submitted will be notified of the ranking. Negotiations with the most highly ranked firm to commence on or about April 15, 2021. An agreement should be in place on or about May 1, 2021. The contractor is expected to start the project around May 2021.

#### Scope of Services to be Performed

The project manager/inspectors must be capable inspecting the whole project, which includes grading, sub-grade/base, concrete, HMA CG, bridge(s), traffic control, seeding, erosion control, CMS or AASHTOWare data entry, all project records, all project paperwork, and final

paperwork, etc. Project records and paperwork including but not limited to: diary, pay quantities, certifications, sample identifications, change orders, pay estimates, monitoring subcontractor payments, and monitoring contractor's payrolls, etc. Records and paperwork must be submitted accurately and timely. Anticipated staffing needs: provide project management and all inspectors as needed to ensure inspection and material testing for this project are done correctly. The number of required inspectors will fluctuate throughout the project depending on the contractor's schedule and how they pursue the work. Submit the name and information of the project manager and primary inspector. Construction is anticipated to be completed in 75-working days and cleanup days. Provide all the equipment necessary to inspect and test materials.

#### Instructions for Proposal

No costs shall be contained in the RFP. The RFP must not exceed four (4) pages total (including any cover letter, index, etc.) and 2MB to address the pertinent topics. RFPs submitted will consist of the technical proposal and a completed and signed Special Attachment No. 7 ("Certificate of Final Indirect Costs"), a completed and signed Special Attachment No. 8 ("Tax Clearance Certificate"), and a signed Special Attachment No. 10 ("Policy Regarding Sexual Harassment"). Completed Special Attachments do not count against the four-page technical proposal submission. All these forms are attached to the original email announcement.

RFPs shall indicate the consultant's ability to meet the project inspection needs described above. RFPs shall describe any processes or procedures, including best practices, that will be used to perform tasks and to produce the desired results described above under "Scope of Services to be Performed." The RFP shall also include items such as:

- Project manager
- History of providing inspection services on similar projects
- Availability of staff
- Familiarity with KDOT standards and specifications
- Any subconsultant and their role in performing the services on the project
- Names, certifications, and experience of all inspectors that will be assigned to the project
- Anticipated time to close out project paperwork

#### Evaluation Factors

RFPs will be evaluated based on the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second, third, etc. Evaluation factors include:

1. How the consultant plans to meet the fluctuating inspection needs of the project;
2. Employee names (project manager), certifications, and qualifications proposed for services;
3. Past performance history on similar projects (list project numbers) for KDOT;
4. Anticipated time to close out project paperwork;
5. Proximity of inspectors to project;
6. Types of direct expenses anticipated (lodging, mileage, etc.).

The highest ranked firm will be asked to enter into negotiations with KDOT for an agreement. In the event KDOT cannot reach agreement with the highest ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

#### Exhibits to this Technical Proposal Request

- Special Attachment No. 7 (“Certificate of Final Indirect Costs”)
- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

#### Contract Terms and Conditions

A standard KDOT project inspection agreement will be used for this project. Current rate factors will be used for compensation, and Special Attachments for the Kansas “Tax Clearance Certificate,” the “Certificate of Final Indirect Costs,” and the “Policy Regarding Sexual Harassment” will become attachments to the contract.

Questions about this request for proposals shall be sent via email to [kdot.designcontracts@ks.gov](mailto:kdot.designcontracts@ks.gov).

The number of required inspectors will fluctuate throughout the project depending on the contractor’s schedule and how they pursue the work. Submit the name and information of the project manager and HMA plant inspector. Construction is anticipated to be completed for project 16-43 KA 5963-01 in 30-working days, project 59-3 KA 5885-01 in 35-working days, project 73-106 KA 5971-01 in 35-working days and project 159-106 KA 5880-01 in 25-working days plus cleanup days for these projects. The contractor is expected to move from one project to the next and work may be progressing on two projects at the same time, but it is expected that the milling and overlay will be completed before moving to the next project. Provide all the equipment necessary to inspect and test materials.

#### Instructions for Proposal

No costs shall be contained in the RFP. The RFP must not exceed four (4) pages total (including any cover letter, index, etc.) and 2MB to address the pertinent topics. RFPs submitted will consist of the technical proposal and a completed and signed Special Attachment No. 7 (“Certificate of Final Indirect Costs”), a completed and signed Special Attachment No. 8 (“Tax Clearance Certificate”), and a signed Special Attachment No. 10 (“Policy Regarding Sexual Harassment”). Completed Special Attachments do not count against the four-page technical proposal submission. All these forms are attached to the original email announcement.

RFPs shall indicate the consultant’s ability to meet the project inspection needs described above. RFPs shall describe any processes or procedures, including best practices, that will be used to perform tasks and to produce the desired results described above under “Scope of Services to be Performed.” The RFP shall also include items such as:

*(continued)*

- Project manager
- History of providing inspection services on similar projects
- Availability of staff
- Familiarity with KDOT standards and specifications
- Any subconsultant and their role in performing the services on the project
- Names, certifications, and experience of all inspectors that will be assigned to the project
- Anticipated time to close out project paperwork

#### Evaluation Factors

RFPs will be evaluated based on the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second, third, etc. Evaluation factors include:

1. How the consultant plans to meet the fluctuating inspection needs of the project;
2. Employee names (project manager and HMA plant inspector), certifications, and qualifications proposed for services;
3. Past performance history on similar projects (list project numbers) for KDOT;
4. Anticipated time to close out project paperwork;
5. Proximity of inspectors to project;
6. Types of direct expenses anticipated (lodging, mileage, etc.).

The highest ranked firm will be asked to enter into negotiations with KDOT for an agreement. In the event KDOT cannot reach agreement with the highest ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

#### Exhibits to this Technical Proposal Request

- Special Attachment No. 7 ("Certificate of Final Indirect Costs")
- Special Attachment No. 8 ("Tax Clearance Certificate")
- Special Attachment No. 10 ("Policy Regarding Sexual Harassment")

#### Contract Terms and Conditions

A standard KDOT project inspection agreement will be used for this project. Current rate factors will be used for compensation, and Special Attachments for the Kansas "Tax Clearance Certificate," the "Certificate of Final Indirect Costs," and the "Policy Regarding Sexual Harassment" will become attachments to the contract.

Questions about this request for proposals shall be sent via email to [kdot.designcontracts@ks.gov](mailto:kdot.designcontracts@ks.gov).

### Department of Transportation

#### Notice to Contractors

Electronic copies of the letting proposals and plans are available on the Kansas Department of Transportation

(KDOT) website at <https://kdotapp.ksdot.org/Proposal/Proposal.aspx>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the "Bid Holders List," or to be included on the "Non-Bid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation *Standard Specifications for State Road and Bridge Construction*.

KDOT will only accept electronic internet proposals using the Bid Express website at <http://www.bidx.com> until 1:00 p.m. (CST) April 21, 2021. The KDOT bid letting will be conducted remotely by audio broadcast ONLY at 3:00 p.m. (CST) Wednesday, April 21, 2021. To join the conference call, dial 866-620-7326 and enter conference code 5895748207. KDOT has tested the process, but in the event of an unforeseen issue, KDOT will provide updates.

Each bidder shall certify that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid nonresponsive and not eligible for award consideration.

**Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications**

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Federal Permit No. KS0100064

Legal Description: SE¼, NE¼, S3, T11S, R21E, Leavenworth County, Kansas

The proposed action is to reissue an existing State/NPDES permit for an existing facility. This facility is a water treatment plant that removes iron from well water using spray aeration and greensand filtration. The plant discharges filter back wash water to a single cell sediment basin, by turning a valve. This permit is for the controlled discharge of the settled wastewater from the lagoon system. Out-fall 001A1 consists of the discharge from the basin. The proposed permit contains limits for total suspended solids and pH, as well as monitoring for lead.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before April 17, 2021, will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-21-098/113, KS-AG-R-21-003 or KS-Q-21-019/021) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations, or actions should be submitted to the attention of Matthew Steele Ph.D., P.E., Section Chief, Livestock Waste Management Section at the KDHE, Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Michael Beezhold at the KDHE, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Rachel Hammond, BEFS, Livestock Waste Management Section at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone 785-296-0076 or email at [kdhe.feedlots@ks.gov](mailto:kdhe.feedlots@ks.gov). For all other proposed permits or actions an appointment can be scheduled, or copies requested by contacting Christopher Zwiener, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612, telephone 785-296-3056 or email at [Christopher.Zwiener@ks.gov](mailto:Christopher.Zwiener@ks.gov). These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and spec-

ifications for all new and expanding swine facilities are available at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

## State of Kansas

### Department of Health and Environment

#### Request for Comments

The Kansas Department of Health and Environment (KDHE) has drafted the Kansas Section 401 of the Clean Water Act (CWA) requested by U.S. Army Corps of Engineers Kansas City District Civil Works (USACE KCD CW) for public notice #NWK-2020-001 CW issued by the USACE KCD CW. USACE KCD CW does not issue itself CWA permits; however, their agency policy is to demonstrate compliance with CWA Section 404(b) (1) guidelines and to obtain Section 401 water quality certification from the appropriate certifying authority. USACE follows the new 401 rules in doing so for civil works project. The project entails the restoration of USACE KCD CW constructed off-river chutes for species specific habitat damaged by flooding or for modification. The two projects on the Kansas side includes the Benedictine bottoms and Dalbey bottoms locations, both in Atchison County, Kansas.

The draft certification and additional information containing the link to the USACE Public Notice will be posted on the KDHE website at [www.kdheks.gov/nps](http://www.kdheks.gov/nps) on or before March 18, 2021. Persons wishing to comment on the referenced draft document must submit their comments in writing by email to KDHE at [KDHE.NPS@ks.gov](mailto:KDHE.NPS@ks.gov) by April 18, 2021, if they wish to have their comments considered in the formulation of final determinations regarding this public notice.

For more information, contact Amanda Reed, Chief, Watershed Management Section, Bureau of Environmental Field Services, KDHE at [Amanda.Reed@ks.gov](mailto:Amanda.Reed@ks.gov) or [KDHE.NPS@ks.gov](mailto:KDHE.NPS@ks.gov).

## Hyman Brand Hebrew School

### Request for Proposals

#### Introduction

Hyman Brand Hebrew Academy (HBHA) is a private Jewish day school located in Overland Park, Kansas. In 2020, HBHA applied for a grant from the Nonprofit Security Grant Program (NSGP) for security-related systems required to reduce significant risks and vulnerabilities. In July 2020 HBHA was informed that a grant was awarded. HBHA invites all vendors interested in delivering such services to submit a written proposal in accordance with the following information and instructions.

#### Background

HBHA is a K-12 Jewish day school founded in 1966 by a group of parents who felt strongly about having a Jewish day school education for their children. As a school, HBHA is dedicated to providing a nurturing, collaborative, and joy-filled Jewish environment where students can grow into their best selves. The mission of the school is to prepare students for fulfilling lives as Jews and as honorable, contributing citizens. In the wake of anti-semitic attacks in local, national, and international communities, the grant will be used to significantly enhance HBHA's entry way.

#### Scope of Services and Responsibilities of Vendor

The selected vendor will be responsible for providing systems that possess the functional features and capabilities described in subsequent sections below. The vendor will be expected to provide training and on-going support to HBHA designated staff and members so they can effectively activate and operate the system.

Vendors will be expected to tour the building to understand the layout, understand the current capabilities, how the building is used, and areas of concern. Vendors may propose optional or alternative features if such proposals produce an equivalent or better system than those described. HBHA reserves the right to accept or reject any or all such proposed alternatives in preference to the desired system features. Vendors need to keep in mind that the appropriate systems will need to maximize security effectiveness within the amount of available funding.

#### Vendor Background

The vendor must be an established company with experience in providing security solutions to commercial customers.

#### Required Capabilities

The desired security systems should address or provide each of the following features:

- The modification of the HBHA main entrance would be relatively simple due to the existing vestibule area and its conversion into a fortified glass curtain wall or "mantrap." All visitors entering the main entrance would be routed through the school office after presenting identification and reason for their visit, and "buzzed-in" using magnetic locking doors.
- The security upgrade of the Hyman Brand Hebrew Academy (HBHA) main entrance will start with

adding a secure glass partition or curtain wall in the interior hallway, just inside of the existing glass walled vestibule. This security glass wall will limit access into the school and will channel visitors to a secure glass door that is directly in front of the school office administrative staff. This full security glass door will allow office staff to not only directly view and speak (via built-in video/audio interface) with visitors prior to allowing them access to the interior of the school building but will also allow them to review identification documents remotely (driver's license, employee identification). This project is needed to prevent the entry of unauthorized or dangerous persons into the school building. By placing the secure glass partition wall in the inside hallway just inside the existing glass vestibule (which is used as a temperature buffer), we will limit weather exposure to our security glass and will be able to direct the flow of incoming visitors directly to the school office security glass door so they can be vetted by school administration personnel. Once approved they will be allowed access into the school via access control button "buzzer" or number keypad located near the school office front desk and issued appropriate visitor credentials.

- The aluminum door frames that will contain security glass will be bolted into the existing floor and ceiling infrastructure. A two-way audio/video camera capable of reading identification documents, which will be installed near the security glass door that will be installed at the school office entrance, and a buzzer button or combination code access will be installed for office staff to allow remote access to visitors from behind the counter in the school office. Magnetic locks are planned to be installed on the single door that leads from the school office out to the school hallway, and on the single security glass door that leads into the office from the "mantrap" area.

#### Vendor Availability

The selected vendor must be responsive to the following minimum criteria to be considered for this proposal:

- The vendor ultimately chosen will be expected to complete the installation of the systems by no later than August 1, 2021.

#### Selection Criteria and Interview Process

An HBHA security project committee will review all submitted proposals and will select no less than two (2) vendors to interview based on the following:

- Vendor's knowledge of the subject
- Vendor's ability to understand HBHA's needs
- Vendor's ability to design and install security systems that maximizes building security and available budget
- Positive and constructive reference reports
- Evidence of having performed similar services in the past

(continued)

Short interviews will be conducted. The project committee will expect the vendors to engage in a question-and-answer session concerning the overall scope of services, processes, and training. This Request for Proposals (RFP) is the Security Team's approach; however, we realize vendors have expertise in this field and are open to ideas that may better meet the project goals for securing the entrance to HBHA.

Following the interviews, the Security Committee will rank the proposals based on the demonstration and documents submitted plus what was learned during the interview process. HBHA will then engage the top ranked vendor in contract negotiations.

#### Budget and Contract

HBHA will enter into a contract with the selected vendor. NOTE: The contract and services described will be reviewed with the Kansas Highway Patrol to ensure compliance with the NSGP award. Additionally, HBHA Board of Directors will be required to approve the contract as a part of the award process.

#### Directions for Submission of RFP

Interested vendors can submit proposals either electronically via email or by hard copy. By email, the proposal should be sent to HBHA Business Office at [businessoffice@hbha.edu](mailto:businessoffice@hbha.edu), or mail/courier to:

Hyman Brand Hebrew Academy: Security Bid  
Attn: Business Office  
5801 W. 115th St.  
Overland Park, KS 66211

Such proposals must show the respondent proposes security systems which reflect the requirements described above, illustrate they have provided services similar to those specified, and include the minimum following information:

- Vendor name and address
- Brief history of company and range of service capabilities
- Name of project director
- No less than three (3) references, including contact information and a brief description of the services provided
- Project cost

The deadline to submit proposals will be 3:00 p.m. April 7, 2021. Questions concerning this RFP should be addressed to Carol Pfau, Executive Assistant, at 913-327-8152 or [carolp@hbha.edu](mailto:carolp@hbha.edu).

#### Additional Requirements

All vendors responding to this RFP shall be subject to and required to comply with all applicable state and federal provisions pertaining to non-discrimination, Equal Employment Opportunity and Affirmative Action and other provisions required by the NPSG program.

## Kansas Development Finance Authority

### Notice of Hearing

A public hearing will be conducted at 9:00 a.m. Monday, April 5, 2021, in the offices of the Kansas Development Finance Authority (K DFA), 534 S. Kansas Ave., Suite 800, Topeka, on the proposal for the K DFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the K DFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

**Project No. 001077 Maximum Principal Amount: \$212,500.** Owner/Operator: Loren L. and Lena M. Grimm; Description: Acquisition of 62.13 acres of agricultural land and related improvements and equipment to be used by the owner/operator for

farming purposes (the "Project"). The Project is being financed by the Lender for Loren L. and Lena M. Grimm (the "Beginning Farmer") and is located in the West Half of the Northwest Quarter of Section 2, Township 2 North, Range 15 East of the 6th P.M. in Brown County, Kansas, approximately four miles east of Sabetha, Kansas on K-246 Hwy.

The bond, when issued, will be a limited obligation of the K DFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the K DFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

As part of ongoing efforts to limit the spread of novel coronavirus in Kansas, interested individuals may participate in the public hearing via conference call. Please call toll free number 866-620-7326 and use conference identification number 159 722 1260 followed by # to join the conference.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bond to finance the project, and all written comments previously filed with the K DFA at its offices at 534 S. Kansas Ave., Suite 800, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the K DFA.
