Notice to Contractors

Electronic copies of the letting proposals and plans are available on the Kansas Department of Transportation (KDOT) website at <https://kdotapp.ksdot.org/Proposal/Proposal.aspx>. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation *Standard Specifications for State Road and Bridge Construction*.

KDOT will only accept electronic internet proposals using the Bid Express website at <http://www.bidx.com> until 1:00 p.m. (CST) January 19, 2022. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9:00 a.m. Tuesday, January 4, 2022, in the offices of the Kansas Development Finance Authority (K DFA), 534 S. Kansas Ave., Suite 800, Topeka, on the proposal for the K DFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the K DFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

Project No. 001088 Maximum Principal Amount: \$197,500. Owner/Operator: Joshua M. and Amber A. Meyer; Description: Acquisition of 71.5 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the "Project"). The Project is being financed by the Lender for Joshua M. and Amber A. Meyer (the "Beginning Farmer") and is located at Section 32, Clear Creek Township, Nemaha County, Kansas, approximately 7 miles northwest of Baileyville, Kansas on 192nd and B Road.

The bond, when issued, will be a limited obligation of the K DFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the K DFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

As part of ongoing efforts to limit the spread of novel coronavirus in Kansas, interested individuals may participate in the public hearing via conference call. Please call toll free number 866-620-7326 and use conference identification number 159 722 1260 followed by # to join the conference.

(continued)

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bond to finance the project, and all written comments previously filed with the K DFA at its offices at 534 S. Kansas Ave., Suite 800, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the K DFA.

This regulation shall be effective on and after January 1, 2022. (Authorized by K.S.A. 65-1129; implementing K.S.A. 65-1119; effective Jan. 1, 1966; amended Jan. 1, 1973; amended, E-74-29, July 1, 1974; modified, L. 1975, ch. 302, § 1, May 1, 1975; amended April 26, 1993; amended Jan. 1, 2022.)

60-1-104. Definitions. Each of the following terms, as used in the board's regulations except articles 5, 6 and 17, shall have the meaning specified in this regulation:

(a) "Affiliating agency" means an agency that cooperates with the nursing program to provide facilities and clinical resources for selected student experiences.

(b) "Approval" means the status granted by the board to a nursing program that provides evidence of both of the following:

(1) The nursing program is operating on a sound educational basis that is consistent with the educational requirements as specified in the nurse practice act and the board's regulations.

(2) The nursing program has no deficiencies that would adversely affect student learning outcomes.

(c) "Articulation" means the process by which a registered professional nurse, licensed practical nurse, or mental health technician who is enrolled in a nursing program is given credit for previous education in nursing or mental health technology.

(d) "Bilevel program" means a nursing program that has one application process, with faculty teaching practical nurse (PN) and registered nurse (RN) content from the first day of the nursing program. The student can opt out of the RN program, which is known as the PN exit option, take the national council license examination-practical nursing (NCLEX-PN), and become licensed as a PN; or the student can matriculate through the entire nursing program, take the national council license examination-registered nurse (NCLEX-RN), and become licensed as an RN.

(e) "Capstone course" means an experiential nursing course for students to demonstrate integration of knowledge and professional nursing supervised by a preceptor during the final semester of the professional nursing program.

(f) "Clinical learning experience" means an active process in which the student participates in nursing activities while being guided by a member of the faculty.

(g) "Clinical observational experience" means the

process in which the student views health care interventions but does not participate in the interventions. Affiliating agency personnel shall be responsible for patient care. However, a student may use any of the five senses while with the patient for the sole purpose of observing as the agency professional assesses and provides care to the patient. The instructor shall not be required to be present, but the students shall be included in the faculty-student ratio.

(h) "Community-based health care" means health care provided outside of hospitals and long-term care facilities, including public health departments, ambulatory health clinics, prenatal and well-baby clinics, hospice agencies, doctors' offices, industrial settings, homeless shelters, nursing centers, home health agencies, and patients' homes.

(i) "Conditional approval" means the status that the board imposes on an approved nursing program for a limited time to comply after finding evidence that the nursing program no longer meets educational requirements as specified in the nurse practice act or the board's regulations. When placed on conditional approval, the nursing program may be directed by the board to limit or cease admissions.

(j) "Contractual agreement" means a written contract signed by the legal representatives for the nursing program and the affiliating agency.

(k) "Criteria for unscheduled survey" means indications that the nursing program no longer meets the requirements in the nurse practice act or the board's regulations.

(l) "Debriefing" means an activity that follows a simulation experience and is led by a facilitator. Participants' reflective thinking is encouraged and feedback is provided regarding the participants' performance while various aspects of the completed simulation are discussed. Participants are encouraged to explore emotions and question, reflect, and provide feedback to one another in order to facilitate the transfer of learning to future situations.

(m) "Faculty degree plan" means the plan for a course of study leading to a degree appropriate for a teaching position.

(n) "Faculty hire exception" means that a nursing program is allowed by the board to hire, on a limited-time basis and in accordance with K.A.R. 60-2-103, an instructor who does not meet the faculty qualifications if no qualified individuals are available.

(o) "Generic student" means one who enters at the beginning of a prelicensure nursing program and plans to complete the entire curriculum.

(r) "National nursing accreditation agency" means the accreditation commission for education in nursing, the commission for nursing education accreditation, or the commission on collegiate nursing education.

This individual has the primary responsibility and dedicated time for effective and continuous oversight of a nursing program, including the following:

(1) Verification that the nursing program complies with the nursing act and the board's regulations;

(2) assurance that nursing program and educational outcomes are met;

(3) assessment of and recommendations for material, human, and clinical resources for effective nursing program implementation;

(4) collaboration with faculty for continuous nursing program improvement; and

(5) responsibility for the development and implementation of the nursing program.

(t) "Nursing program" means practical nursing program or professional nursing program, or both.

(u) "One-plus-one program" means a nursing program that includes two application processes, one for the practical nurse (PN) program and one for the registered nurse (RN) program. The first level has only PN content, and the student must obtain a PN license before continuing in the RN program.

(v) "Online or distance learning" means the acquisition of knowledge and skills through information and instruction provided by means of a variety of technologies.

(w) "PN exit option" means in the bilevel programs that there is one application process for the PN and RN programs. Therefore, a PN exit option allows students to opt out of the RN program at a designated point in the curriculum. At this point, these students apply for licensure and take the NCLEX-PN.

(x) "Practical nursing program" means a course of study leading to a certificate and preparing an individual for licensure as a practical nurse.

(y) "Preceptor" means a registered professional nurse supervising a student in the clinical setting who is not employed as nursing faculty. The nursing program faculty shall not be required to be in the affiliating agency's facilities but shall be immediately available.

(z) "Professional nursing program" means a course of study preparing an individual for licensure as a registered professional nurse. This term shall include baccalaureate degree programs and associate degree programs.

The students may spend a portion or all of their time at the satellite location. The curricula in all locations shall be the same, and the credential shall be given by the parent institution.

(gg) "Survey or site visit" means an in-person assessment of all components of a nursing program to validate information submitted by the nursing program or to follow up on the board's determination that there is consistent evidence reflecting deficiencies in meeting the requirements.

(hh) "Student learning outcomes" means the achievement of expected knowledge, skills, and attributes demonstrated by students at course and program levels. Student learning outcomes are measured in classroom and experiential settings and are reported in individual and aggregate formats, including retention and graduation rates, performance on licensure and certification examinations, and employment rates.
