The guaranty of those powers is a matter of contract between the state and people of Kansas and the United States as of the time that the compact with the United States was agreed upon and adopted by Kansas in 1859 and the United States in 1861.

(b) Article II, section 1 of the constitution of the state of Kansas authorizes the legislature of the state of Kansas to exercise the legislative power of the state, including the general police powers inherent in a sovereign state.

The request shall be on a form provided by the board and shall be accompanied by the license fee established pursuant to K.S.A. 65-2012, and amendments thereto. For those licensees whose license has been inactive for less than two years, the board shall adopt rules and regulations establishing appropriate continuing education requirements for inactive licensees to become licensed to regularly practice podiatry within Kansas. Any licensee whose license has been inactive for more than two years and who has not been in the active practice of podiatry or engaged in a formal education program since the licensee has been inactive may be required to complete such additional testing, training or education as the board may deem necessary to establish the licensee's present ability to practice with reasonable skill and safety.

(j) There is hereby created a designation of federally active license. The board is authorized to issue a federally active license to any licensee who makes written application for such license on a form provided by the board and remits the same fee required for a license established under K.S.A. 65-2012, and amendments thereto. The board may issue a federally active license only to a person who meets all the requirements for a license to practice podiatry in Kansas and who practices podiatry solely in the course of employment or active duty in the United States government or any of its departments, bureaus or agencies or who, in addition to such employment or assignment, provides professional services as a charitable health care provider as defined under K.S.A. 75-6102, and amendments thereto. The provisions of subsections (b) and (c) of this section relating to expiration, renewal and reinstatement of a license and K.S.A. 65-2010, and amendments thereto, relating to continuing education shall be applicable to a federally active license issued under this subsection. A person who practices under a federally active license shall not be deemed to be rendering professional service as a health care provider in this state for purposes of K.S.A. 40-3402, and amendments thereto.

(k) Each license or permit granted under this act shall be conspicuously displayed at the office or other place of practice of the licensee or permittee.

(l) A person whose license has been revoked may apply for reinstatement of the license after the expiration of three years from the effective date of the revocation. Application for reinstatement shall be on a form provided by the board and shall be accompanied by a reinstatement of a revoked license fee established by the board under K.S.A. 65-2012, and amendments thereto. The burden of proof by clear and convincing evidence shall be on the applicant to show sufficient rehabilitation to justify reinstatement of the license. If the board determines a license should not be reinstated, the person shall not be eligible to reapply for reinstatement for three years from the effective date of the denial. All proceedings conducted on an application for reinstatement shall be in accordance with the provisions of the Kansas administrative procedure act and shall be reviewable in accordance with the Kansas judicial review act. The board, on its own motion, may stay the effectiveness of an order of revocation of license.

Sec. 64. K.S.A. 65-2001, 65-2002 and 65-2004 and K.S.A. 2013 Supp. 65-2005 are hereby repealed.
