**Department of Transportation****Request for Letters of Interest****Description**

Bridge replacement project 166B-10 KA-4997-01.

**Schedule and Deadlines**

Technical Proposals are due on or before 12:00 p.m. (CST) October 5, 2018 to be delivered via email to David.Nagy@ks.gov.

Anticipated Schedule for Subsequent Events

Evaluation and ranking of technical proposals on or about October 19, 2018 after which time all firms that submitted will be notified of the ranking. Negotiations with the most highly ranked firm to commence on or about November 2, 2018. Agreement/Work Order in place and in effect November 16, 2018.

**Request for Proposal (Technical)**Background and Purpose of Project

The Kansas Department of Transportation (KDOT) is seeking a consultant to provide road and bridge services for the replacement bridge #009 (Deer Creek) located just west of Sedan. This project to be designed is currently only scheduled for Field Check in January 2020, at that point the project will reviewed for viability.

**Scope of Services to be Performed**

Consultant shall complete the following tasks and produce the deliverables described below:

- Visit the project site location
- Perform preliminary road and bridge design for plans to field check, which will include determining the size, type, and location of the proposed bridge.
- Final Plans (if viable).
- Additional deliverables in the final plan stage will include information for environmental permitting, final electronic plans, and Control CADD indexed DGN files.
- Provide Construction cost estimates bi-annually as well as at every major project milestone.

**Evaluation Factors**

Technical proposals will be evaluated based on the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second, third, etc. Evaluation factors: 1) the quality and completeness of the response to this request; 2) qualifications and experience of consultant personnel/manager proposed for services; 3) proposed approach for design; and 4) past performance history for similar projects/services for KDOT. The highest ranked firm will be asked to enter into negotiations with KDOT for an agreement. In the event KDOT cannot reach agreement with the ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

**Contract Terms and Conditions**

A work order may be utilized under your existing on-call agreement (if available) or a new four (4) phase contract with special attachments for the Kansas "Tax Clearance Certificate", the "Certification of Final Indirect Costs," and the "Policy Regarding Sexual Harassment."

**Instructions for Technical Proposal**

Note: No costs shall be contained in the technical proposal. Technical Proposals will consist of the technical proposals and a completed and signed Special Attachment No. 7 ("Certificate of Final Indirect Costs"), a completed and signed Special Attachment No. 8 ("Tax Clearance Certificate"), and a completed and signed Special Attachment No. 10 ("Policy Regarding Sexual Harassment"). All these forms are attached to the original email announcement.

The main text of consultant's technical proposal must not exceed 3 pages (including cover sheets, indexes, etc.) to address the topics listed. Describe processes and procedures proposed by consultant to meet the project completion deadline listed above. Describe processes and procedures, including best practices, that will be used to perform tasks and produce deliverables described above under "Scope of Services to be Performed." Include in the technical proposal items such as:

- Project manager/engineer in charge.
- History of projects with similar tasks.
- Availability of staff to meet schedule without overtime.
- Cost-effective or cost-reduction practices, processes or procedures used by consultant, if any;
- Any sub-consultant and their role (if any) that will be performing services on the project. All sub-consultants must complete Special Attachment No. 7 ("Certificate of Final Indirect Costs"), the Special Attachment No. 8 ("Tax Clearance Certificate"), and a completed and signed Special Attachment No. 10 ("Policy Regarding Sexual Harassment").

An Exhibit B work order will be eventually included as an attachment and will be part of the contract when requested. Questions about this request for proposals shall be sent to KDOT by proposers via email to David.Nagy@ks.gov.

## Description

Statewide Autonomous Vehicle (AV) Report Project  
106 P-0778-01

## Schedule and Deadlines

Technical Proposals are due on or before 12:00 p.m. (CST) October 11, 2018, to be delivered via email to David.Nagy@ks.gov. Interested consulting firms must be pre-qualified by the Kansas Department of Transportation (KDOT) in categories 162 or 163 and submit a Letter of Interest with the subject line reading "106 P-0778-01 [Firm Name]."

Anticipated Schedule for Subsequent Events

Evaluation and ranking of technical proposals on or about October 25, 2018, after which time all firms that submitted will be notified of the ranking. Negotiations with the most highly ranked firm to commence on or about November 2, 2018. Agreement/work order in place and in effect November 16, 2018.

## Request for Proposal (Technical)

Background, Scope, and Purpose of Project

The Kansas Department of Transportation is seeking a consultant to complete a vision document for the state. The information for the document will come from discussions within the Statewide Autonomous Vehicle (AV) Task Force. This group has met three times currently but is expected to meet 10–14 more times for monthly meetings. The plan will be a high level direction for state agencies (Department of Transportation, Department of Revenue, Insurance Commission, etc.). Topics will include vision and goals, industry timelines, stakeholders, possible investments, public/private partnership concepts, high level direction on what the agencies should do to be prepared for the future, and input on a draft executive order and legislative bill for testing autonomous vehicles. The selected firm would attend Task Force meetings, schedule meetings, take notes, and interview members individually. The firm is expected to have knowledge of the direction of Autonomous/Connected Vehicles (AV/CV) are headed nationally and what is needed to be prepared for the future. They should also have some previous contracts related to AV/CV projects and plans. This project is the first phase which may or may not be followed by a secondary project for implementation strategy.

## Evaluation Factors

Technical proposals will be evaluated based on the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second, third, etc. Evaluation factors: 1) the quality and completeness of the response to this request; 2) qualifications and experience in the AI arena of consultant personnel/manager proposed for this type service; 3) proposed approach for vision document; and 4) past performance history for similar projects/services for other states with references. The highest ranked firm will be asked to enter into negotiations with KDOT for an agreement. In the event KDOT

cannot reach agreement with the ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

## Contract Terms and Conditions

A typical study type agreement will be utilized with special attachments for the Kansas "Tax Clearance Certificate," the "Certification of Final Indirect Costs," and the "Policy Regarding Sexual Harassment."

## Instructions for Technical Proposal

Note: No costs shall be contained in the technical proposal. Technical Proposals will consist of the technical proposals and a completed and signed Special Attachment No. 7 ("Certificate of Final Indirect Costs"), a completed and signed Special Attachment No. 8 ("Tax Clearance Certificate"), and a completed and signed Special Attachment No. 10 ("Policy Regarding Sexual Harassment"). All these forms are attached to the original email announcement.

The main text of the consultant's technical proposal must not exceed five (5) pages (including cover sheets, indexes, etc.) to address the topics listed. Describe processes and procedures, including best practices, that will be used to perform tasks and produce deliverables described above under "Scope of Services to be Performed." Include in the technical proposal items such as:

- Project manager/engineer in charge.
- History of projects with similar tasks.
- Availability of staff to meet schedule without overtime.
- Cost-effective or cost-reduction practices, processes or procedures to be used by consultant, if any;
- Any sub-consultant and their role (if any) that will be performing services on the project. All sub-consultants must complete Special Attachment No. 7 ("Certificate of Final Indirect Costs"), the Special Attachment No. 8 ("Tax Clearance Certificate"), and a completed and signed Special Attachment No. 10 ("Policy Regarding Sexual Harassment").

Questions about this request for proposals shall be sent to KDOT by proposers via email to David.Nagy@ks.gov.

## Notice to Contractors

Electronic copies of the letting proposals and plans are available on the Kansas Department of Transportation (KDOT) website at <https://kdotapp.ksdot.org/Proposal/Proposal.aspx>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the "Bid Holders List," or to be included on the "NonBid Holders List" as a subcontractor/  
*(continued)*

supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation *Standard Specifications for State Road and Bridge Construction*.

KDOT will only accept electronic internet proposals using the Bid Express website at <http://www.bidx.com> until 1:00 p.m. (CST) October 17, 2018. KDOT will open and read these proposals at the Eisenhower State Office Building, 700 SW Harrison, Topeka, Kansas, at 1:30 p.m. (CST) October 17, 2018. An audio broadcast of the bid letting is available at <http://www.ksdot.org/burconsmain/audio.asp>.

Each bidder shall certify that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid non-responsive and not eligible for award consideration.

## Natural Resources Conservation Service

### Notice of Meeting

Rock Creek Watershed Joint District No. 28 will conduct a public meeting at 7:00 p.m. (CST) Thursday, October 18, 2018, at the USDA Service Center, 2503 Enterprise Ave., Suite B, El Dorado, KS 67042. Representatives from the Rock Creek Watershed Joint District No. 28 and United States Department of Agriculture – Natural Resources Conservation Service (NRCS) will lead the public meeting to seek input regarding Watershed Project Plan Supplement No. 2 and Environmental Assessment (EA).

The objectives of the public meeting include, but are not limited to:

1. Ensure that the general public, private groups, and local, county, and state government agencies are thoroughly familiar with the proposed Rock Creek Watershed Joint District No. 28 Floodwater Retarding Dam No. 2 rehabilitation project.
2. Promote an atmosphere of extra-agency cooperation.
3. Provide a forum for the reception and consideration of public input regarding the project.
4. Clarify the effects of the diverse alternatives under consideration.
5. Collect comments regarding Watershed Project Plan Supplement No. 2 and Environmental Assessment for Rock Creek Watershed Joint District No. 28 Floodwater Retarding Dam No. 2 from agencies and citizens.
6. Incorporate written and verbal comments into the decision-making process.

Individuals requiring additional information, or those who need special accommodations to attend the public meeting should contact Rock Creek Watershed Joint District No. 28, 2503 Enterprise Ave., Suite B, El Dorado, KS 67042.

### Kansas Dam Rehabilitation Projects

Sponsors in Kansas have built more than 800 flood control dams since 1948. Kansas has the third largest number of flood control projects in the United States. Due to age, sedimentation, or changing conditions, many of these dams now require rehabilitation. Many dams

built in rural areas to protect agricultural areas now need upgrading to protect homes and businesses that have sprung up in the flood plain. Some dams now have a higher hazard rating, requiring them to meet more stringent safety requirements.

Meeting current safety standards is part of the rehabilitation construction for Dam No. 2. The proposed work on Dam No. 2 includes flood proofing a downstream habitable structure and limiting development in areas that would be impacted by a potential breach. Work also includes rehabilitating its drain and principal spillway.

Bruce Wells, Kansas NRCS Assistant State Conservationist for Water Resources said, "Having public input helps us make sure we are doing what the communities want. This meeting provides the opportunity for the watershed district and NRCS to explain alternatives identified, the economic cost and benefits, and acquire comments to incorporate into the decision-making process."

In 2017-18, NRCS completed dam assessments on eight (8) other existing dams in Kansas. These assessments were distributed to watershed districts for evaluation and consideration of requesting rehabilitation funds. NRCS can help watershed districts obtain federal cost share assistance to rehabilitate aging dams. Under new rules, rehabilitation funds can also help provide new opportunities such as adding municipal and irrigation water supplies, recreation, and wetland wildlife enhancement.

Through 2017, 258 federally assisted dams in Kansas have met their design life. According to Wells, "Limited funding has been available in the past, but recently, within the 2014 Farm Bill, there is additional funding to help watershed districts get needed work done on their flood control dams. NRCS will be prepared to help watersheds every way we can as we identify rehabilitation needs involving federal assisted dams."

#### Notice of Intent to Lease Land and/or Building Space

Public notice is hereby given that Wichita State University (WSU) intends to lease available land and building space. The university will consider leasing such property

and/or space to those whose presence on campus would advance the university's applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. Because tenant use must be a good fit with the university's educational mission and available space, please be prepared to provide the following information: (1) name; (2) square footage of space needs; (3) equipment, design, or other special needs; (4) description of anticipated use; and (5) the anticipated benefits to the university, its students, and the WSU community (e.g. applied learning, joint research, faculty start-up, etc.). The university will consider serious offers and inquiries from any financially qualified individual, group, organization, or company. If interested, please contact Vice President for Research and Technology Transfer Dr. John Tomblin, john.tomblin@wichita.edu, or Property Manager Crystal Deselms, crystal.deselms@wichita.edu. **Notice of Intent to Lease Real Property**

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation Wichita State Innovation Alliance, Inc., intends to lease, subject to all required state approvals, approximately 100,000 to 165,000 square feet of real property located on the Wichita State University main campus for the private development and operation of a partnership building or buildings. The university is interested in leasing such ground to any individual, organization, or entity whose presence on campus would advance the university's applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. The university intends to lease such space for any period of time up to sixty years, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with the university's educational mission and identify anticipated benefits to the university, its students, and the WSU community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU, design concepts, financial stability, and proposed use. Interested tenants will be required to construct adjacent and adequate surface parking that will not be included in the leased ground. Rental rate shall be assessed per leased or leasable square foot of the building but is negotiable based on term of lease and benefit to the university. The university will consider serious offers and inquiries with detailed proposal terms from any financially qualified individual, group, organi-

zation, or company for up to thirty (30) days from date of publication. If interested, please contact Vice President for Research and Technology Transfer, Dr. John Tomblin, john.tomblin@wichita.edu or University Property Manager Crystal Stegeman, crystal.stegeman@wichita.edu. **Notice Concerning Proposed Kansas  
 Air Quality Class I Operating Permit**

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. City of Emporia Solid Waste Transfer Station has applied for a Class I operating permit in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record keeping, and reporting requirements applicable to each source as of the effective date of permit issuance.

City of Emporia Solid Waste Transfer Station, 1220 Hatcher, Emporia, KS 66801, owns and operates an air curtain incinerator located at 3100 W. South Ave., Emporia, KS 66801.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the Southeast District Office (SEDO),

*(continued)*

308 W. 14th St., Chanute, KS 66720. To obtain or review the proposed permit and supporting documentation, contact Cathy Richardson, 785-296-1947 at the central office of KDHE or Doug Cole, 620-860-7235, at the SEDO. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website, <http://www.kdheks.gov/bar/publicnotice.html>.

Please direct written comments or questions regarding the proposed permit to Cathy Richardson, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than noon Monday, October 29, 2018.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Cathy Richardson, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than noon Monday, October 29, 2018 in order for the secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Ward Burns, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Facility Name: Sterling Municipal Power Plant

Facility Address: 333 N. Broadway, Sterling, KS 67579

The proposed action is to reissue an existing NPDES/State permit to an existing facility. This facility is a standby electrical generating station used for peaking and emergency power. Municipal water is used for

non-contact once-through cooling of the combustion engine air intakes. This facility typically operates from June 15 through September 15 each year and discharges approximately 72,000 to 114,000 gallons per day. The volume of discharge varies and will depend on the number of units operating and associated cooling needs due to ambient temperatures. The proposed permit contains limits for pH, as well as monitoring for flow and total residual chlorine.

**Proposed EPA and KDHE Final Approval of Revisions to the City of Manhattan's Industrial Pretreatment Program**

In 2018, a Headworks Loading Analysis of the City of Manhattan's Wastewater Treatment Plant (WWTP) was completed using data collected in 2017. The purpose of the Headworks Loading Analysis was to determine the maximum amount of pollutants that can be introduced to the City's WWTP without interfering with the wastewater treatment process.

Based on the 2018 Headworks Loading Analysis, the City of Manhattan is proposing changes to its Industrial Pretreatment Program, which regulates and controls wastewater discharges from industrial and other non-domestic wastewater sources, into the City Sanitary Sewer Collection System for treatment at the WWTP. The proposed changes would adopt technically-based local limits that resulted from the Headworks Loading Analysis. On May 1, 2018, the U.S. Environmental Protection Agency (EPA) and the Kansas Department of Health and Environment (KDHE) provided a preliminary joint approval of these local limits.

The City has requested EPA and KDHE final approval of the proposed changes. The proposed changes have been prepared in a manner that the City believes will remain fully protective of the environment. You may obtain a copy of the proposed program changes by contacting the City of Manhattan, using the contact information below.

The City and Region 7 EPA will accept comments and views on the proposed Industrial Pretreatment Program changes for a period of 30 days following the date of this publication. All written comments and views will be considered by EPA and KDHE in determining whether it will issue final approval of the proposed changes. If no substantive comments are received, EPA and KDHE will approve the pretreatment program changes, as proposed.

You may also request within the 30-day period that Region 7 EPA hold a public hearing on the proposed revisions. Any request for public hearing should be directed to Region 7 EPA and should indicate the interest of the person filing such request and the reasons why a hearing is warranted.

Comments and any public hearing requests should be provided by mail, email or other written form to the following:

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612-1367.

All comments regarding the draft documents or application notices received on or before October 27, 2018, will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-18-193/203, KS-AG-R-18-013/017, KS-Q-18-128/130) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

**City of Garden City, Kansas**

**Summary Notice of Bond Sale  
\$10,835,000\*  
General Obligation Bonds  
Series A, 2018**

**Details of the Sale**

Subject to the terms and requirements of the Official Notice of Bond Sale, dated September 18, 2018, of the City of Garden City, Kansas (the “City”), bids to purchase the City’s General Obligation Bonds, Series A, 2018, (the “Bonds”) will be received at the City Administrative Center, 301 N. 8th, Garden City, KS, 67846, by telefacsimile at 620-276-1169, or electronically as described in the Official Notice of Bond Sale, until 10:00 a.m. (CST) Tuesday, October 16, 2018. The bids will be considered by the governing body at its meeting held at 1:00 p.m. (CST) on the sale date.

No oral or auction bids for the Bonds will be considered, and no bids for less than 100 percent of the total principal amount of the Bonds and accrued interest to the date of delivery will be considered.

**Good Faith Deposit**

Bidders must submit a good faith deposit in an amount equal to 2% of the principal amount of the Bonds, in the form of a wire transfer or certified or cashier’s check made payable to the order of the City, or a financial surety bond (if then available), as detailed in the Official Notice of Bond Sale.

**Details of the Bonds**

The Bonds will be dated November 6, 2018 and will be issued as registered bonds in denominations of \$5,000,

or any integral multiple thereof. Interest on the Bonds is payable semiannually on May 1 and November 1 of each year, beginning May 1, 2019. Principal of the Bonds becomes due on November 1 in the years and amounts as shown below:

**Maturity Schedule**

Principal Amount*	Maturity Date	Principal Amount*	Maturity Date
\$180,000	2019	\$865,000	2027
680,000	2020	895,000	2028
700,000	2021	675,000	2029

840,000	2026		

**Payment of Principal and Interest**

The Treasurer of the State of Kansas will serve as the Bond Registrar and Paying Agent for the Bonds.

**Book-Entry Bonds**

The Bonds will be issued and registered under a book-entry-only system administered by The Depository Trust Company, New York, New York (“DTC”).

**Delivery of the Bonds**

The City will prepare the Bonds at its expense and deliver the registered Bonds to DTC on or about November 6, 2018. Any bond printing costs will be paid by the City from the proceeds of the Bonds or other City funds.

**Legal Opinion**

The Bonds will be sold subject to the legal opinion of Triplett Woolf Garretson, LLC, Wichita, Kansas, Bond Counsel, whose fees will be paid by the City.

**Financial Matters**

The City’s current assessed valuation for purposes of calculating statutory debt limitations is \$245,461,458. As of November 6, 2018, the City’s total outstanding general obligation debt (including the Bonds), is \$46,375,000\* which excludes temporary notes outstanding in the amount of \$6,355,000 that will be retired from proceeds of the Bonds described herein. As of November 6, 2018, the City’s total indebtedness subject to statutory debt limitation is estimated to be \$19,476,176.70\*, which is 7.94%\* of the assessed valuation of the City.

### Board of Pharmacy

#### Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 1:00 p.m. Tuesday, November 27, 2018 in the Board of Healing Arts Board Room, 800 SW Jackson, Lower Level, Topeka, Kansas, to review and consider the adoption of proposed permanent regulations of the Kansas State Board of Pharmacy.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the public hearing to Alexandra Blasi, Executive Secretary, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1244 or by email to [pharmacy@ks.gov](mailto:pharmacy@ks.gov). All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulations during the public hearing. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the regulations and economic impact statements in an accessible format. Requests for accommodation to participate in the public hearing should be made at least 10 business days in advance of the hearing by contacting Alexandra Blasi, Executive Secretary, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1244 or by phone at 785-296-4056. Handicapped parking is located at the north entrance to the building. Curbs at the north entrance are accessible to individuals with disabilities.

Summaries of the proposed regulations and their economic impact follow. Copies of the regulations and economic impact statement may be viewed at <http://pharmacy.ks.gov/statutes-regs/proposed-reg-changes>.

**K.A.R. 68-13-1.** This regulation is being considered for revocation as the result of recent Board adoption of three new regulations governing sterile and non-sterile compounding in Kansas (KAR 68-13-2, 68-13-3, and 68-13-4). This regulation is now outdated and moot.

**K.A.R. 68-7-10. Pharmacy-based drug distribution systems in long-term care facilities; emergency medication kits.** This regulation is being amended to align definitions with statutory changes and allow nurses and other healing arts professionals to access automat-

ed drug delivery systems in long-term care facilities for administration of medications to patients consistent with their respective practice acts.

**K.A.R. 68-9-2. Automated drug delivery systems in pharmacies.** This regulation is being amended to align definitions with statutory changes, allow for manual overrides when systems are jammed, blocked, or malfunctioning, and allow nurses to access automated drug delivery systems for administration of medications to patients consistent with their practice act.

**K.A.R. 68-9-3. Automated drug delivery system to supply drugs for administration in certain facilities.** This regulation is being amended to align definitions with statutory changes and allow nurses and other healing arts professionals to access automated drug delivery systems in medical care facilities for administration of medications to patients consistent with their respective practice acts. In addition, the regulation is being amended to clarify the types of nursing facilities that may utilize automated drug delivery systems.

**K.A.R. 68-2-23. Notification to board; disciplinary action.** This is a new regulation that would require each owner of a Kansas-registered pharmacy to notify the board within 30 days of any denial, limitation, suspension, revocation, voluntary surrender, or other disciplinary action taken by the state of Kansas or another jurisdiction against the pharmacy, the pharmacy owner, or any application, license, registration, or permit held by the pharmacy owner.

**K.A.R. 68-7-25. Notification to board; pharmacist, pharmacy technician, or pharmacy intern.** This is a new regulation that would require either the pharmacist-in-charge or the owner of any Kansas-registered pharmacy to notify the board in writing within one day of any suspected diversion, theft, or loss of any controlled substance and provide a copy of the completed DEA-106 form.

**K.A.R. 68-20-15b. Notification to board; suspected diversion, theft, or loss of controlled substances.** This is a new regulation that would require each pharmacist, pharmacy technician, and pharmacy student to notify the board within 30 days of any criminal arrest, charge, or conviction rationally related to drugs or the practice of pharmacy, or any denial, limitation, suspension, revocation, voluntary surrender, or other disciplinary action taken by the state of Kansas or another jurisdiction against any professional or occupational application, license, registration, or permit held by the individual.

#### Summary of Economic Impact

It is the mission of the Board to ensure that all persons practicing pharmacy are properly licensed and registered, and to ensure compliance with Kansas statutes regarding proper compounding, storage, and dispensing of prescription drugs, maintenance of professional standards, and proper manufacture, distribution, and sale of prescription and nonprescription drugs. Thus, the Board is proposing these regulatory changes.

Automation: The Board anticipates minimal economic impact to the Board, its licensees and registrants, or Kansas-registered pharmacies. Amendments will en-

hance business activities by allowing all healthcare practitioners to operate under the full scope of their practice act. Failure to amend the regulation could result in significant costs to establishments because personnel would be required to acquire additional training and registration. The Board does not anticipate any financial impact upon other governmental agencies, and the Board is unaware of any less costly or less intrusive methods to achieve the stated purposes.

Compounding: No economic impact.

Reporting requirements: The Board anticipates minimal economic impact to the Board, its licensees and registrants, or Kansas-registered pharmacies. Many licensees and registrants are already engaging in these practices. The Board does not anticipate any financial impact upon

other governmental agencies, and the Board is unaware of any less costly or less intrusive methods. In the event of a loss or suspected theft/diversion, the Board may initiate an investigation for which the resources necessary would be difficult to estimate. Benefits to the public are significant in allowing the Board more timely notification of situations that may constitute a violation of the Kansas pharmacy practice act or the controlled substance act.

For a more detailed summary of the economic impact each specific regulation may have, see the Economic Impact Statements, provided at the website above.
